Monthly NXX Code Request Report of The North American
Numbering Plan Administrator For January 2000

Dear Mr. Waddell:

The North American Numbering Plan Administrator NeuStar, Inc. (formerly Lockheed Martin IMS)¹ ("NANPA"), in its role as the neutral third party administrator under the North American Numbering Plan ("NANP") and in response to a request by the Tennessee Regulatory Authority ("Authority") files the attached monthly reports for January 2000 containing public information regarding requests for NXX codes in the 615 and 901 area codes.

¹ The North American Numbering Plan Administration and other numbering functions have been transferred from Lockheed Martin IMS to NeuStar, Inc. The Federal Communications Commission approved the transfer on November 17, 1999. *Request of Lockheed Martin Corporation and Warburg, Pincus & Co. for Review of the Transfer of the Lockheed Martin Communications Industry Services Business*, Order, FCC 99-346 (Nov. 17, 1999). The transaction closed on November 30, 1999.

Page 2

On December 10, 1999, the Authority requested NANPA "regularly report to the Authority the names of telecommunications service providers requesting NXX codes in the 615 and 901 area codes, together with the number of NXX codes requested."² Pursuant to Federal Communications Commission regulations, NANPA performs its NXX code administration functions in accordance with industry guidelines.³ Pursuant to industry guidelines, NANPA is required to treat as confidential NXX code request information submitted by service providers until the assigned code holder (service provider) inputs the requested NXX into the Routing Data Base System ("RDBS") and Business Rating Input Database System ("BRIDS").⁴ After the service provider inputs the information into RDBS and BRIDS, the assignment of the NXX is public information. Generally, the service provider has seven days after the assignment is made to input the assigned NXX code information into RDBS and BRIDS.⁵ Occasionally, service providers may take up to sixty-one days to input this information. During this interval, NANPA cannot provide information regarding NXX code assignments. Denials or suspensions of NXX code requests are not submitted to RDBS / BRIDS.

Below is a summary of the NXX activity within the 615 and 901 area codes during the month of January 2000. All of the NXX assignments submitted to NANPA during January have been entered into RDBS and BRIDS and are listed in this report. All information provided in this report is public information.

² *In re Area Code Conservation Measures in Tennessee*, Request to the North American Numbering Plan Administrator to Develop an Industry Voluntary Allocation Plan and to Provide Periodic Reports to the Tennessee Regulatory Authority on NXX Code Requests, Docket No. 99-00784 (Dec. 10, 1999).

³ 47 C.F.R. §52.15(d)

⁴ "All information provided on the NXX request form will be considered confidential, with selected information made available publicly only for those fields that must be input to the RDBS and BRIDS. The information placed in the RDBS or BRIDS becomes public upon assignment of the new code in the appropriate routing data base product." §4.1.6 Central Office Code (NXX) Assignment Guidelines (INC 95-0407-008, January 2000). The Central Office Code (NXX) Assignment Guidelines can be accessed on the Alliance for Telecommunications Industry Solution ("ATIS") web site located at <<http://www.atis.org/atis/clc/inc/incdocs.htm>>.

⁵ See §6.1.2 Central Office Code (NXX) Assignment Guidelines (INC 95-0407-008, January 2000)

615 NPA – January 2000 Report

- Five service providers submitted Central Office Code Assignment Request Forms during January 2000.
- From those 5 service providers, 8* request forms were received.
- Of the 8 request forms, 6 NXX assignments were made, 1 NXX was returned and 1 change request to an existing NXX code was made.
- Of the 6 NXX assignments made, 6 are now public information. See the attached report for a list of the service providers and NXX assignments.
- The 1 returned NXX has been returned to the available pool for assignment.

Update to the 615 NPA December 1999 Report

- Only one NXX code assignment was not made public at the time the December 1999 report was filed. That NXX code was subsequently returned to NANPA on January 13, 2000 by the service provider.

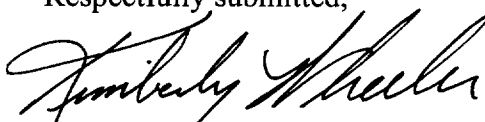

901 NPA – January 2000 Report

- One service provider submitted Central Office Code Assignment Request Forms during January 2000.
- From that service provider, 2* NXX requests forms were received.
- Of the 2 NXX request forms, 2 NXX assignments were made
- Of the 2 NXX assignments made, both are now public information. See the attached report for the name of the service provider and NXX assignments.

* The NXX request forms may have been received in December but processed in January.

If you have any questions regarding this report, please contact the undersigned.

Respectfully submitted,

Kimberly Wheeler
